

# Creekwood Subdivision Newsletter

October 2016

Fall has officially arrived! With cooler temperatures we all will have an opportunity to catch up on some outside maintenance. We hope everyone will look around their homes and give them that extra care. The subdivision as a whole depends on each individual homeowner keeping their property looking good. If you have debris lying around, need to do some painting, or just give your yard some TLC, before cold weather is a great time. A copy of part of the bylaws is being included. Please review this and make necessary improvements.

When the leaves begin to fall there will be a curbside leaf pickup. Please place **LEAVES ONLY – NO DEBRIS – NO WOOD** at the edge of the street so they may be vacuumed up.
