

Creekwood Subdivision News -- April, 2015

Hello Everyone,

Maybe, just maybe Spring has arrived. Things are waking up around the neighborhood and we hope everyone made it through the winter fine.

Included with this newsletter is the notice of the Annual Assessment. Please read it carefully so you can get the reduced rate of \$180. You must have this paid by May 31 to qualify.

There will be an **all subdivision meeting** at the St. Mark's UCC Church, 1861 MO State Road on **May 28 at 6:30**. This location lets us have the meeting rain or shine – with comfortable seating. At this meeting two trustees will be elected. If you would like to run for trustee, please indicate by letter to P.O. Box 373, Arnold, MO.

Work done around the subdivision recently includes sealing the asphalt cracks on all of our road and patching some large spots on Creekwood Drive. Last fall several dead trees were removed from the common ground near Appletree. Plans are in motion to 'freshen' the Creekwood Sign. Probably the most noticeable improvement was the field (old lagoon area) along Old Missouri State Road.

As always, the common wellbeing of our neighborhood depends on each homeowner keeping their property in good condition. We hope everyone will take a look at their homes and put in that little extra energy to make Creekwood Subdivision a welcoming place to live.

Thanks!

Creekwood Trustees
